1. Accommodation

This tour uses a range of good quality hotels mainly at the local 4-star level but with some interesting boutique style hotels included too. Please check the Accommodation section for more information on the normal hotels used on this tour. This list is given as a guide though and hotels may change from time to time to others of a similar standard.

Accommodation levels and hotels may be slightly different in Turkey and Greece to general Western standards. We regularly inspect all the hotels we use to ensure that the service you receive is as close as possible to your expectations. Please check your hotel room when you first arrive (hot water, cleanliness etc.), so that your guide can assist with any problems if required.

We will contact you with your arrival hotel details normally a couple of weeks before departure. Further hotels through the tour are not advised in advance.

Check-in Times: Official hotel check-in times in Greece and Turkey are between 14.00 and 15.00. However, we do always try to ensure that if you arrive early, you can check into your room as soon as possible. We can nearly always get you into your hotel rooms by midday, but please understand that it is out of our control if the hotel is full and it takes a little longer. You will have full use of the hotel facilities while you wait if there is a short delay.

2. Transport including Izmir-Athens flight

Our Turkey & Greece tours use a mix of air conditioned minivans, minibuses and coaches depending on the size of the group.

The international flight between Izmir (ADB) and Athens (ATH) is not included in the price of the tour and should be booked separately. Good flight options are available with Turkish Airlines and some low cost airlines. You may be able to include this flight on your overall flight ticket if you fly with Turkish Airlines (eg. Home-Istanbul Izmir-Athens, Athens-Home).

Your airport transfers are included in Izmir and Athens regardless of the time of your flight. Please contact us if you have any questions about booking this flight.

3. Transfers

The tour includes a 24-hour airport arrival transfer service in either of Istanbul's two airports (IST or SAW), as well as a departure airport transfer in Athens (ATH). All other transfers throughout the tour including to the airport in Izmir are also included.

4. Group Size / Tour Leaders / Guides

We are committed to being a small group operator, as we feel this gives everyone in the group the best chance to get to know their fellow travellers and to hear and make the most of their guide. Instead, we set group departures on this tour to have a maximum of 20 travellers in Turkey and a minimum of 4. While in Greece, the tour is arranged differently on a 'seat in coach' basis with a maximum group size of 50.

In Turkey we provide a fully trained, local English-speaking guide to accompany you all the way from Istanbul to the end of the tour in Kusadasi. You are also transferred by the guide or one of our other representatives to the airport in Izmir for your departure to Greece.

In Greece a fully trained, local English-speaking guide accompanies you for all the sightseeing tours through Nafplion, Olympia, Delphi, Meteora and back to Athens.

At Encounters Travel we try to use local guides and reps as much as possible. We feel this gives you the best experience of the country and the sites you are seeing.

5. Entrance fees, Hotel fees & permits

Entrance fees to all sites visited in Turkey are included in the tour price.

However, due to a higher risk of changing prices, entrance fees to the tourist sites visited in Greece are not included and you will need to cover the cost of these as you go along. Current prices are shown below, though these are subject to change by the local authorities at any time. A 50% discount is currently available on some fees during the winter months of November to March. Not all of the entrance fees below apply to all tours - please check your itinerary and the inclusions/exclusions section for a budget for your trip.

Camera Fees: Photography may be restricted in various ways at different sites. Often flash photography is often forbidden to protect the exhibits and ancient pigments, and sometimes cameras are not allowed in at all. Please respect these rules as they are there partly for your benefit. Tickets are not generally required for normal cameras, but if you have a video camera, if its use is permitted there will sometimes be a charge.

Hotel Residence Fees: The Hellenic National Tourism Organization operates a residence fee which is applied on all hotel accommodation. The fees should be paid by guests directly to the hotel before the end of their stay and are not included in the tour price. Fees are per room per night (not per person) and have been set at EUR 1.50 for 3* hotels, EUR 3.00 for 4* hotels and EUR 4.00 for 5* hotels.

6. Tipping

Tipping is common practice in Greece, though not as extensive as in Turkey. In both countries, for basic restaurants, taxis and local markets, leave the loose change. For more up-market restaurants we suggest 5% to 10% of your bill.

We include a 'tipping kitty' in your tour price which your tour guide will use to tip a wide range of people along the way to help ensure the smooth running of the tour. This does not include your tour guide(s) or driver(s) though.

Drivers: You may have a range of private drivers on your trip. For those you see for at least several days and who are more involved with the group, a tip of around EUR 1-2 per person per day is generally appropriate.

Tour guides: If you think your tour guide and/or tour leader has worked hard and provided a good service then s/he will appreciate a tip of a few Euros. How much you tip is subject to your satisfaction with their service and your personal budget. You should not feel pressured to tip any particular amount. As a guideline, we can suggest that for good service, a tip of EUR 3-5 per person per day for local tour guides or local tour leaders would be fine.

7. What to Take

Luggage: Suitcases, rucksacks or fabric holdalls are all fine to bring with you on the tour. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in the hotel during your sightseeing trips. However, you do have lots of transfers on this tour, between hotels and several airports. So, please only bring as much as you are comfortable carrying yourself.

Luggage limits: There is no luggage limit for this tour. However, most airlines restrict you to between 20kg and 25kg for your hold luggage and between 5kg and 10kg for hand luggage. Please check with your airline before travelling to the airport.

Clothing: Turkey's climate changes drastically, with cold winters and hot summers. In western Turkey from late March to May, spring brings with it average temperatures of around 15C, though the weather does gradually warm up with sunny days interspersed with rain showers. From May to the end of October, the climate is hot and sunny, getting cooler as the year progresses. In Central Turkey around Cappadocia, the climate is cold with regular snowfalls from the end of November until late February. With spring the weather warms and the snow disappears altogether, though it still remains cold at night and first thing in the morning. Summer starts from May onwards, with temperature reaching around the mid 30's. The East of Turkey from late May has warmed up considerably, and stays hot until late September with sunny days, but the night time temperatures start to drop. By the end of October you can expect the first of the winter snows. So you must pack for cool and potentially wet conditions late in the year.

Modesty rates highly in some parts of Turkey, especially for women and in the East, so please ensure clothes are loose fitting and not too revealing. Loose shorts are OK in tourist sites, as are T-shirts, but these should not show too much bare flesh (your shoulders should remain covered). In Eastern Turkey villages, and any mosques throughout the country, legs and arms should be covered. Attitudes are more relaxed in the seaside resorts.

The weather in Greece is similar but a bit less extreme both in summer and winter and the dress code a bit more relaxed too.

Other items: We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

8. Dates & Prices

We run regular small-group departures on this tour approximately every 2 weeks through the year. All departures are guaranteed to run with a minimum of 4 travellers. Departure dates and prices are listed on our website and on a separate dates & prices sheet available on request.

9. Private & Tailor-made Tours

While our group departures offer a fantastic way to explore with like-minded travellers, we understand that some guests prefer a more exclusive experience. Most of our group tours can be booked on a private basis, allowing you to enjoy the same expert-led routes with your own dedicated party. The primary advantage of choosing a private arrangement is the flexibility it provides; we can easily customise the itinerary to include your preferred style of accommodation or adjust the pace to suit your needs. Private tours can be run on the same start days as our group tours, or on other dates. However, some activities within our trips are restricted to particular days of the week - we will advise you on anything like this that we need to work around. Pricing will be based on the number of travellers in your party, and any customisations you may like to make.

For those seeking something truly unique, our specialist sales team is available to collaborate with you on a completely tailor-made tour, designed from the ground up to match your specific interests, accommodation level and requirements.

To request a quotation for a private or tailor-made tour, please [contact us](#).

10. International Flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour.

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

Flight CO2 Emissions:

Traveling by air is an amazing way to explore the world, but flights also contribute to carbon dioxide (CO2) emissions that impact the environment. By considering the airline's CO2 emissions when you choose your flight, you can help minimize your travel footprint.

When selecting your international flights and airline, we do therefore recommend that you try and also take into account the flight CO2 emissions. Some airlines and flight search websites (eg. Google Flights, Skyscanner) do publish this information, so you can compare between your flight options and make an informed decision. Thankfully, many airlines are working towards sustainability efforts, and choosing a greener option allows you to contribute to positive change while still enjoying your incredible adventure.

11. Passports and Visas

Passports should be valid for at least six months after your departure from the country. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

Most foreign nationals require a visa to enter Turkey, and need to obtain it in advance online through <http://www.evisa.gov.tr>. Applicants just need to log on to the following link, provide the requested information, (after the application is approved) make online payment and download their e-Visa. More information is available here <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>

From the 2nd March 2020 all UK nationals **will not** need to obtain a visa for Turkey (for visits of up to 90 days in each 180 day period). This will also apply to citizens of the Schengen area countries Austria, Belgium, the Netherlands, Spain and Poland.

Some foreign nationals require a visa to enter Greece, though many do not (including UK, EUR, US, CA, AU, NZ, SA). More information is available at [visas for foreigners](#).

12. Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation. UK travellers visiting European Union countries including Greece should also carry the European Health Insurance Card (EHIC) as it entitles travellers to reduced cost, sometimes free, medical treatment in most European countries.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination.

You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions. In addition, additional courses or boosters normally recommended for Turkey are Hepatitis A and Tetanus. No additional courses or boosters are generally recommended for Greece.

More information is available here: [Turkey](#), [Greece](#)

[Malaria map](#) - there is low risk malaria in some south eastern regions of Turkey, not visited on our tours.

[Malaria map](#) - there is low to no risk of malaria in Greece, none in tourist areas.

Yellow fever certificates are not required for either country.

13. Time

Both Greece and Turkey's standard time is GMT plus 2 hours. Daylight saving adjustments of 1 hour are applied, starting at the end of March and finishing at the end of October. Exact dates vary from year to year.

14. Booking & Payment

If you would like to book a place on this tour, please complete the online reservation form on our website (via the Dates & Prices tab on the tour page). You may make a deposit or full payment online, or just hold a reservation if you prefer (full payments are due 8 weeks before departure). We will then contact you with more details about how to complete your booking. Payments may be made by debit or credit card (subject to a card processing fee), or by making a bank transfer, or posting us a cheque/bank draft. Full details will be provided in your booking confirmation email. Please [contact us](#) if you would like any more information or have any questions before making a booking.

15. Financial Security

We are a UK registered company and are committed to providing our customers with financial protection to provide peace of mind and to allow you to book with confidence.

We have therefore partnered with Trust My Travel Ltd., which provides financial protection services to over 2000 partners around the world. Funds paid to us by our customers are protected via an Insurance policy held by Trust My Travel. Each traveller and the description of services sold is declared against Trust My Travel's insurance policy directly against our financial failure. In the event of our insolvency, you will be refunded for any unfulfilled products and/or repatriation to the UK (where applicable). Please see [our website](#) or [booking conditions](#) for more information.

16. Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and

accommodating and appreciate you making the effort to communicate in their language.

- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Encounters Travel shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

18. Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event).

Considering travel insurance for your trip? [World Nomads Travel Insurance](#) offers coverage for more than 150 adventure activities as well as emergency medical, lost luggage, trip cancellation and more.

If your tour includes car hire, or if you plan to arrange a hot air balloon flight locally or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

If you are taking expensive camera gear or other electronic equipment with you then please check the coverage and the fine print of your policy to ensure that you have sufficient cover.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

Covid-19

Before purchasing any travel insurance, please check the coverage provided for situations related to Covid-19, and for the rules about government travel advice. Your normal policy may not be suitable.

19. Before you travel

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's ['Travel Aware' campaign](#) which provides further useful and invaluable information.

20. Reduce Plastic Waste with Water-to-Go Filter bottles

Traveling responsibly means minimizing plastic waste, but staying hydrated on the go is essential. At Encounters Travel we are committed to reducing single-use plastics, which is why we've partnered with Water-to-Go. Their portable filtration system removes over 99.9% of contaminants from any non-saltwater source, turning even questionable water sources into safe drinking water.

Given that tap water is un-safe to drink in many of the countries in which we operate, we recommend purchasing a Water-to-Go bottle prior to departure. This will help you avoid the use of single use plastic bottles and keep you hydrated on the go.

Save big! Get a huge 25% off your Water-to-Go bottle and other Water-to-Go products (such as filters, lids, and carriers). Use code **ENCOUNTERS25** at checkout (valid in the UK, USA and Canada).

How Water-to-Go Technology works:

- Their reusable, BPA free water bottles contain their own unique 3-in-1 filtration technology effectively providing clean safe drinking water from any non-salt water source around the world.
- Three different (1 traditional and 2 nano) technologies are combined in one filter cartridge to remove up to 99.9999% of microbiological contaminants in water.

The three technologies used in a Water-to-Go filter are:

- Mechanical filtration – A tiny pore size, so small contaminants can't fit through.
- Electrical – A positive charge reduces the pore size even further and attracts contaminants like a magnet, trapping them inside the filter.
- Activated Carbon – Unlike most carbon based filters, instead of using adhesives to glue the carbon particles together, (which vastly reduces the carbon's efficiency) it is contained within the membrane, helping to reduce contaminants whilst eliminating bad tastes and odours. Try filtering water from your tap at home and taste the difference!

Water-to-Go filter bottles deliver safe, healthy water worldwide

- Water-to-Go filters remove bacteria, viruses, waterborne disease, protozoa, heavy metals such as lead as well as harmful chemicals.
- Their filters remove Chlorine and Fluoride from tap water.
- The filter will eliminate harmful contaminants from the water but allow beneficial minerals such as sodium and magnesium to pass through leaving you with the healthiest water possible.
- Water-to-Go filters have been independently tested against internationally recognised standards by industry specialists including The London School of Hygiene & Tropical Medicine (UK), BCS Laboratories (USA), Bangalore Test House (India) and IMI (China).

Use Water-to-Go products and you'll be healthier, wealthier and helping to make the world a better place!

- Depending on filter size, each Water-to-Go filter is able to replace 260 or 400 single-use plastic water bottles!
- They ensure you have access to safe water anywhere in the world without ever having to buy environmentally damaging bottled water.
- Their water bottles deliver safe, clean drinking water at just 5p per litre.
- The filter membrane is biodegradable and the shrouds are recyclable.
- The water bottles are used and approved by everyone from backpackers to commuters, gym users to expecting mums. Perfect for everyday, outdoor and travel.

21. Voltage

Sockets are two round pronged and 220 volts (Type C). Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already. If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.

22. Money - Turkey

The Turkish lira was re-valued at the end of 2004 to become the 'New Turkish Lira'. The word 'New' has now been dropped, and we are back to 'Turkish Lira' again (TRY).

It is normally cheaper to convert money to Turkish Lira in Turkey than at home. Using an ATM or a credit card will often get you the best possible exchange rates; the post and telephone office (PTT) and banks offer very reasonable rates, too. Try to use ATM machines that are attached to banks while they are open, so that if your card is swallowed you can go into the bank and get it released back to you.

It is difficult for us to specify the money that you will spend per day, however, as a general rule USD 20-50 per day can provide you with additional meals, tipping, snacks & drinks. Should you wish to purchase many souvenirs or other luxuries, of which there is a diverse range, you will have to budget for these.

A mixture of cash and credit cards are the best forms of currency. Credit cards are accepted in most restaurants, bars and pubs. MasterCard and Visa are most welcomed; American Express cards work at some ATMs and AmEx offices. Credit cards are also useful for cash advances, which allow you to withdraw Lira instantly from associated banks and ATMs throughout Turkey. Cash cards and ATM's are widespread in most of Turkey including in Istanbul, Canakkale, Selcuk, Marmaris, Pamukkale, Fethiye, Kas, Cappadocia, and Ankara.

23. Language - Turkey

The official language of Turkey is Turkish. In addition, between 10 per cent and 15 per cent of the population speaks a different mother tongue, usually Kurdish or Arabic. Turkish words are spelled with an adapted Roman alphabet. The language is phonetic; each letter has only one sound that is always pronounced distinctly.

You'll find you won't have much of a problem with the language barrier. English is well communicated by many Turks. Below you will find some important phrases that will have you sounding like a Turk in no time!
