

Jordan Experience

Country(ies): Jordan

Tour type: Small Group

Transport: A/C minibus

Group size: Min: 2 | Max: 26

Days: 7 days

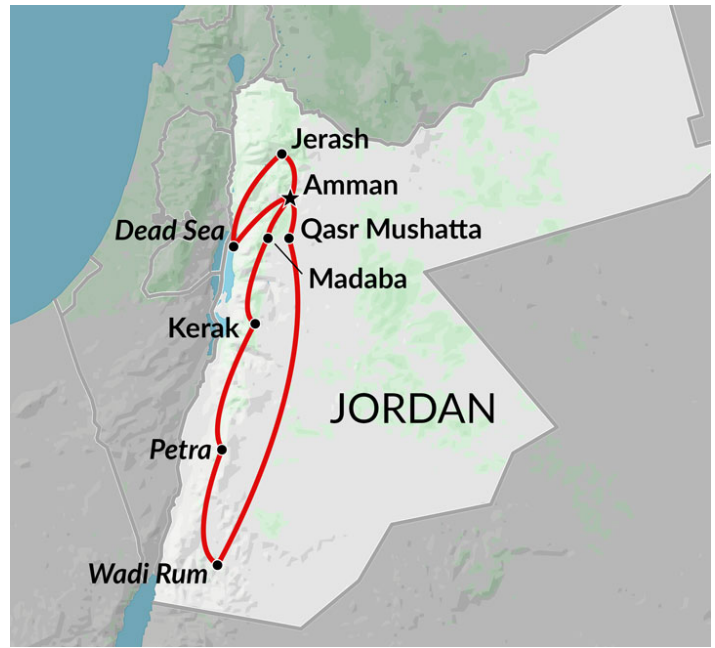

Start Location: Amman, Jordan

End Location: Amman, Jordan

Meals: Breakfasts - 6, Lunches - 0, Dinners - 0

Highlights:

Sightseeing in Amman, Pella & Umm Qais, Roman Jerash, crusader castle of Kerak, rose city of Petra, Bedouin camp inside Wadi Rum reserve, floating in the Dead Sea

Itinerary

Day 1: Arrive in Jordan, transfer to hotel

Upon arrival our staff will meet you at the airport and transfer you to your hotel in Amman for the start of your trip. They'll help you settle in and introduce you to the local area.

OVERNIGHT: Amman hotel

MEALS: None

EXTRAS: Extra day in Amman - pre tour 5-star hotel upgrade (JOSGGR) Single room supplement (JOSGGR)

Day 2: Pella and Umm Qais

Our Jordan sightseeing begins today with a journey north to the ruins at Pella and Umm Qais. Pella is one of the most ancient towns in the world and a favourite of archaeologists. It is exceptionally rich in antiquities, some of which are exceedingly old. Besides the excavated ruins from the Graeco-Roman period, Pella offers visitors the opportunity to see the remains of a Chalcolithic settlement from the 4th millennium BC, evidence of Bronze and Iron Age walled cities, Byzantine churches, early Islamic residential quarters and a small medieval mosque. In addition to Jerash and Amman, Gadara (now Umm Qais) and Pella (Tabaqit Fahl) were once Decapolis cities, and each has unique appeal. Our next stop, Umm Qais, is one of the most brilliant ancient Greco-Roman cities of the Decapolis. Perched on a splendid hilltop overlooking the Jordan Valley and the Sea of Galilee, Umm Qais boasts impressive ancient remains, such as the stunning black basalt theatre, the basilica and adjacent courtyard strewn with nicely carved black sarcophagi, the colonnaded main street and a side street lined with shops, an underground mausoleum, two baths, a nymphaeum, a city gate and the faint outlines of what was a massive hippodrome. In the afternoon we'll return to Amman where we'll spend the night.

OVERNIGHT: Amman hotel

MEALS: Breakfast

EXTRAS:

Day 3: Jerash and the Dead Sea

After breakfast, we leave Amman for nearby Jerash, 'the Jewel of the North'. One of the largest and most well-preserved sites of Roman architecture in the world outside Italy, the ancient city of Jerash boasts an unbroken chain of human occupation dating back more than 6,500 years. The city's golden age came under Roman rule and Jerash is now generally acknowledged to be one of the best-preserved Roman provincial towns in the world. Having been hidden for centuries in sand, excavations and restorations over the past 70 years have revealed a fine example of the grand, formal provincial Roman urbanism that is found throughout the Middle East, comprising paved and colonnaded streets, soaring hilltop temples, handsome theatres, spacious public squares and plazas, baths, fountains and city walls pierced by towers and gates.

This afternoon we continue to the Dead Sea, one of the world's most amazing places. As well as being the lowest point on earth at over 400m below sea level, the Dead Sea region is one of the most spiritual landscapes in the world as well as being full of dramatic natural beauty. The Sea itself receives a number of incoming rivers, including the River Jordan. Once the waters reach the Dead Sea they are land-locked and have nowhere to go, so they evaporate, leaving behind a dense, rich, cocktail of salts and minerals that supply industry, agriculture

and medicine with some of its finest products. The Dead Sea is flanked by mountains to the east and the rolling hills of Jerusalem to the west, giving it an almost other-worldly beauty. Although sparsely populated and serenely quiet now, the area is believed to have been home to five Biblical cities: Sodom, Gomorrah, Adman, Zebouin and Zoar (Bela). We stop here to enjoy a 'swim', though the intensely salty waters lead to a very strange swimming experience. In fact, normal swimming is not really possible, and it is easier (and more photogenic!) just to float, sitting or lying in the water. Be careful not to get any water in your eyes, as it will sting very strongly - you'll also discover various tiny cuts you never thought you had.

OVERNIGHT: Amman hotel

MEALS: Breakfast

EXTRAS:

Day 4: King's Highway to Petra via Madaba and Kerak

We depart Amman for a scenic drive south along the King's Highway to Petra. The King's Highway is a slower, but much more interesting and beautiful drive than the busy Desert Highway, and during our journey we'll cross deep Wadis, drive through olive groves, and pass remote rural villages. En-route we stop in Madaba and see the town's main attraction, the Greek Orthodox Church of St. George where we'll see its famous 6th Century Byzantine mosaic map of the Holy Land and other biblical sites. We'll also enjoy great views of the Holy Land from Mt. Nebo, known as the burial place of the prophet Moses.

Continuing south we cross several deep Wadis including the majestic Wadi al-Mujib, where the road winds down and down, and then back up the other side of this 1km deep canyon. Next stop is Kerak Castle, one in a chain of Crusader fortresses built across Jordan in the 12th Century on the ancient Egypt-Syrian caravan route. Built in 1132AD by the Crusader King, Baldwin 1 of Jerusalem, the castle fell to Saladin in 1188AD. It is still a hugely impressive building with commanding views over the surrounding hills & plains.

OVERNIGHT: Petra hotel

MEALS: Breakfast

EXTRAS:

Day 5: Petra tour and free time

We enjoy a full day today inside the world famous Nabatean site of Petra. The ancient capital of the Nabataean commercial empire until the Romans finally took over in 106AD, Petra was largely forgotten, except by the local Bedouins, until it was 'discovered' in 1812 by a young Swiss explorer, Johann Ludwig Burckhardt. Petra is situated on the edge of Wadi Aruba., whose canyon walls and surrounding hills make it almost impossible to approach except through a narrow, winding cleft in the rock, called the Siq. The city itself has very few free-standing buildings, as the Nabateans chose to carve their homes, buildings and tombs into the multi-coloured sandstone cliffs. Nowadays, the Jordanian government and local people are well aware of Petra's interest to tourists, and the tourism infrastructure in the adjoining village of Wadi Musa is booming, though, thankfully, once you enter through the Siq, the site is protected, and all the building feels miles away.

We have a whole day today to tour this fascinating city (2-3 hour guided tour, then free time to explore yourselves). We start by walking through the Siq, which rises to 200m above us, and narrows to just 2m wide in places. The ancient Nabatean water channel can still be seen on one wall, as well as some remnants of the terracotta pipes that brought water into the city. All of a sudden, a now classic view appears around one corner, and one of Petra's most impressive monuments, the Khazneh (Treasury) comes into view. Our guide will explain how this, and the other buildings here, are mainly elaborate facades carved into the rock from the top down, and also discuss the spiritual significance of the building style. From the Khazneh, the valley opens out, with tombs

carved into the rock on both sides. We'll see the ruined Roman amphitheatre, and colonnaded street, and during your free time you can walk up a steep and narrow winding gorge past beautifully coloured sandstone cliff walls to the huge and imposing 'Monastery'. The biggest of Petra's carved monuments at 50m high and 45m wide, this is truly spectacular, as are the distant views west across Wadi Aruba and the Jordan valley. Another climb can take you to the High Place of Sacrifice, and Lion Fountain.

All in all, this is a full & tiring, but hugely rewarding day touring one of the world's most famous ancient sites. We spend the evening and night relaxing at our hotel.

An option is available to return to the Siq in the evening for the atmospheric Petra by Candlelight tour through the Siq to the Treasury.

OVERNIGHT: Petra hotel

MEALS: Breakfast

EXTRAS: Petra by night Petra camel ride

Day 6: Little Petra, Wadi Rum safari, return to Amman

This morning we visit the site of Little Petra, which was a suburb of the main city and provides a great insight into the building of the larger buildings and tombs. Next we head for the spectacular desert & mountains of Wadi Rum. The desert here, with its towering rust coloured rocky 'jebels' awed TE Lawrence during his visits during the Arab Revolt of 1917-18, and was later made famous in the film Lawrence of Arabia. After arriving in Wadi Rum, we take a jeep safari through the beautiful desert scenery, seeing more of the sheer cliffs and bizarre rock formations, before returning to Amman.

OVERNIGHT: Amman hotel

MEALS: Breakfast

EXTRAS: Camel Ride in Wadi Rum

Day 7: Amman, free time, transfer to airport

Your time is free today until we transfer you to Amman airport for your departure flight. Alternatively you may wish to take one of a number of optional day trips. These include tours to Ajloun Castle, a tour of the 'Desert Castles', a visit to the Baptism Site at Bethany on the Jordan, or a tour into Israel to visit Bethlehem and Jerusalem. We can also arrange a transfer to Tel Aviv either by flight or overland for people wanting to connect this tour with our Biblical Israel tour departure which starts on Sunday. Extensions to spend time at a resort in the Red Sea town or Aqaba are also available.

Note: options and extensions are subject to flight departure times and may require extra days adding to your tour.

OVERNIGHT: N/A

MEALS: Breakfast

EXTRAS: Bethany & Ajloun Castle Extra day in Amman - post-tour - Standard level Petra camel ride Camel Ride in Wadi Rum Post-tour Wadi Rum camp extension Wadi Rum camp & Aqaba extension Aqaba extension

Included:

- All accommodation as stated in the itinerary in 4-star hotels
- All transport and transfers in AC minibus/coach
- 24-hour airport arrival & departure transfer service
- Professional local tour guide escorts groups of all sizes
- 4x4 jeep safari in Wadi Rum
- Meals as indicated in the itinerary (all breakfasts)

- Entrance fees (worth approx. US\$110)

Excluded:

- International flights (available on request)
- Visa fees (currently free for most nationalities if all passport details are supplied in advance)
- Travel insurance (compulsory, [available from Encounters Travel](#))
- Meals not indicated in the itinerary
- Hotel gala dinner supplements if applicable (24 & 31 Dec)
- Drinks, snacks and other personal expenses (e.g. laundry)
- Tips
- Any other items not mentioned above

Options

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting. However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements. Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements - full details are given on the tour reservation form or on request.

No Options

1. Transport

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time we want you to finish journeys refreshed enough to enjoy the next stage of the tour. The small distances involved in Jordan mean that we use private vehicles throughout this tour. These will be minivans, minibuses or coaches, depending on the number of travellers in the group.

The jeeps used in Wadi Rum are provided by the local Bedouins we work with, and while suitable for your desert safari, they may fall below the normal safety and quality standards for vehicles we use during the rest of our tours.

2. Transfers

Your airport transfers are included on the first and last day of the set tour itinerary, plus on any additional days if you book your hotel room with us. If you make your own arrangements for additional accommodation at either the beginning or the end of the tour then you will need to arrange your own airport transfers on these days. We will provide detailed instructions of where to meet us in the airport, along with international and local emergency contact numbers, when we send you your final tour confirmation voucher about 2 weeks before departure.

On some of our group tours we do offer an optional upgrade to a higher level of hotels. If some people in the group take this upgrade, this will mean that there may be two pick-ups and drop-offs each day. We do endeavour to ensure that all hotels used are close to each other and to streamline and time arrangements to limit any extra driving time as much as possible.

3. International Flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour.

Nearly all our Jordan tours start and finish at Amman airport (AMM). Private and tailor-made tours may also start or finish in Aqaba (AQJ).

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

Flight CO2 Emissions:

Traveling by air is an amazing way to explore the world, but flights also contribute to carbon dioxide (CO2) emissions that impact the environment. By considering the airline's CO2 emissions when you choose your flight, you can help minimize your travel footprint.

When selecting your international flights and airline, we do therefore recommend that you try and also take into account the flight CO2 emissions. Some airlines and flight search websites (eg. Google Flights, Skyscanner) do publish this information, so you can compare between your flight options and make an informed decision.

Thankfully, many airlines are working towards sustainability efforts, and choosing a greener option allows you to contribute to positive change while still enjoying your incredible adventure.

4. Tipping

Tipping for services provided is part of the local culture in Jordan, is often expected, and will be very gratefully received. While the amount you tip is subject to your satisfaction with the services provided and your personal budget, we are often asked for help and guidelines and can therefore suggest that you allow approx.:

Tour guides: US\$8-10 per person per day

Drivers: US\$3-5 per person per day

Restaurants: 10% or leave the change

Petra horse boys: US\$2-5 (we recommend against riding the horses for animal welfare and safety concerns, but the boys may still expect a tip)

5. What to take

Luggage: Suitcases, rucksacks or fabric holdalls are all fine to bring with you to Jordan. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in the hotel during your sightseeing trips - you will not need to carry it far, and there are nearly always hotel porters to assist.

Luggage limits: There is no luggage limit for this tour. However, most airlines restrict you to between 20kg and 25kg for your hold luggage and between 5kg and 10kg for hand luggage. Please check with your airline before travelling to the airport.

Clothing: The climate in Jordan varies widely from hot days in the summer to cool and sometimes wet days in the winter months. At night, especially in the deserts, the temperatures can drop quite dramatically. So you must pack for cool conditions. Formal dress (eg. suits & ties) is not required. Modesty rates highly in Jordan, especially for women, so to respect the local culture and people, please ensure all clothes are loose fitting and not revealing. Shorts (not hot-pants) are OK in tourist sites, as are T-shirts, but these should not show too much bare flesh (we suggest that your shoulders should remain covered). When visiting any mosques, legs and arms should be covered.

Other items: If your tour includes an overnight Bedouin camp then bedding is provided but we recommend bringing a light sleeping sheet or sleeping bag liner for comfort all year round (even with the best efforts, sand does find its way pretty much everywhere). In the winter months, or if you think you would like to sleep under the stars instead of in your tent, then we recommend you bring a sleeping bag with you as it can get very cold at night. We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

Jordan Active Tours: If you are travelling on one of our Jordanian Hiking tour, such as our Petra & Bedouin Trail then we recommend the following items are included on your packing list specifically:

- Comfortable **hiking shoes** (broken in)
 - Lightweight **hiking clothes** (breathable, moisture-wicking)
 - **Warm layers** for chilly evenings in the desert
 - **Inflatable Pillow** for use whilst camping
 - **Refillable water bottle** (hydration is key! and we'll provide water from a refillable water station)
 - **Sun protection** (hat, sunglasses, sunscreen)
 - Small **backpack** for essentials
 - **Headlamp/flashlight** for nighttime
 - Personal **medication and first aid items**
-

6. Entrance fees & Jordan Pass

The price of the majority of our Jordan tours does not include entrance fees to the sites visited on the tour (this excludes our Petra and Bedouin Trail Tour where entrance fees are included in the tour price and the Jordan Pass is not recommended):

We strongly recommend that you purchase a **Jordan Pass** prior to your travel to Jordan. This is a special package that has been designed by the Jordanian Ministry of Tourism and Antiquities for tourists visiting Jordan. As well as including a discounted package of entrance fees covering all the sites in Jordan that you will visit on this tour (plus many others), the Jordan Pass also provides free downloadable digital brochures on each attraction, plus a free tourist visa for entering the country (40JD if obtained on arrival in Jordan). It also allows us to speed up our entry to each site as if everyone has the Jordan Pass we won't need to queue for tickets.

A handful of sites that we visit on our tours are not covered by the Jordan Pass (eg. Mt. Nebo, St. George's Church at Madaba, and the Shawmuri & Azraq Reserves), so to keep things simple for you while you are in Jordan, where these are visited in our itineraries, the entry fees are included in your tour price. If you visit any other sites not covered by the Jordan Pass during your free time or on additional tours you arrange while in Jordan, you will need to pay the entrance fee at the site.

The cost for the **Jordan Wanderer Pass** which is suitable for all our tours which visit Petra on one day is JD70 (approx. US\$99). You should also check if your tour visits the Baptism Site at Bethany and if it does, add on the supplement for this site (an extra JD8, discounted from the JD12 payable at the site). Passes are available by completing a simple online form before you travel, taking care to make sure your passport details are entered correctly as this doubles as your visa application. Your Jordan Pass will then be emailed to you as a pdf document, which you should print out and bring with you. You will then need to show this print out at the immigration desk on arrival in Jordan to obtain your free entry visa, and also at each attraction where it will be scanned to confirm your entry. [Obtain your Jordan Pass here](#)

If you do not obtain the Jordan Pass before arriving in Jordan, you will need to pay the entry fees when you arrive at each site and also pay JD40 for your Jordan visa when you enter the country (or arrange your visa in advance).

[More information about the Jordan Pass.](#)

7. Booking & Payment

If you would like to book a place on this tour, please complete the online reservation form on our website (via the Dates & Prices tab on the tour page). You may make a deposit or full payment online, or just hold a reservation if you prefer (full payments are due 8 weeks before departure). We will then contact you with more details about how to complete your booking. Payments may be made by debit or credit card (subject to a card processing fee), or by making a bank transfer, or posting us a cheque/bank draft. Full details will be provided in your booking confirmation email. Please [contact us](#) if you would like any more information or have any questions before making a booking.

8. Financial Security

We are a UK registered company and are committed to providing our customers with financial protection to provide peace of mind and to allow you to book with confidence.

We have therefore partnered with Trust My Travel Ltd., which provides financial protection services to over 2000 partners around the world. Funds paid to us by our customers are protected via an Insurance policy held by Trust My Travel. Each traveller and the description of services sold is declared against Trust My Travel's insurance policy directly against our financial failure. In the event of our insolvency, you will be refunded for any unfulfilled products and/or repatriation to the UK (where applicable). Please see [our website](#) or [booking conditions](#) for more information.

9. Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.
- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Encounters Travel shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

10. Follow Us Online

You can stay in touch with us online by following us on Facebook and Twitter. We post updates on relevant travel news in our destination countries, special offers and discounts and other interesting travel related news and information.

www.facebook.com/encounterstravel

<https://x.com/encounterstravel> (yes, without the 'e')

11. Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event).

Considering travel insurance for your trip? [World Nomads Travel Insurance](#) offers coverage for more than 150 adventure activities as well as emergency medical, lost luggage, trip cancellation and more.

If your tour includes car hire, or if you plan to arrange a hot air balloon flight locally or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover

including emergency evacuation is provided up to this altitude.

If you are taking expensive camera gear or other electronic equipment with you then please check the coverage and the fine print of your policy to ensure that you have sufficient cover.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

Covid-19

Before purchasing any travel insurance, please check the coverage provided for situations related to Covid-19, and for the rules about government travel advice. Your normal policy may not be suitable.

12. Before you travel

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's ['Travel Aware' campaign](#) which provides further useful and invaluable information.

13. Reduce Plastic Waste with Water-to-Go Filter bottles

Traveling responsibly means minimizing plastic waste, but staying hydrated on the go is essential. At Encounters Travel we are committed to reducing single-use plastics, which is why we've partnered with Water-to-Go. Their portable filtration system removes over 99.9% of contaminants from any non-saltwater source, turning even questionable water sources into safe drinking water.

Given that tap water is un-safe to drink in many of the countries in which we operate, we recommend purchasing a Water-to-Go bottle prior to departure. This will help you avoid the use of single use plastic bottles and keep you hydrated on the go.

Save big! Get a huge 25% off your Water-to-Go bottle and other Water-to-Go products (such as filters, lids, and carriers). Use code **ENCOUNTERS25** at checkout (valid in the UK, USA and Canada).

How Water-to-Go Technology works:

- Their reusable, BPA free water bottles contain their own unique 3-in-1 filtration technology effectively providing clean safe drinking water from any non-salt water source around the world.
- Three different (1 traditional and 2 nano) technologies are combined in one filter cartridge to remove up to 99.9999% of microbiological contaminants in water.

The three technologies used in a Water-to-Go filter are:

- Mechanical filtration – A tiny pore size, so small contaminants can't fit through.
- Electrical – A positive charge reduces the pore size even further and attracts contaminants like a magnet, trapping them inside the filter.
- Activated Carbon – Unlike most carbon based filters, instead of using adhesives to glue the carbon particles together, (which vastly reduces the carbon's efficiency) it is contained within the membrane, helping to reduce contaminants whilst eliminating bad tastes and odours. Try filtering water from your tap at home and taste the difference!

Water-to-Go filter bottles deliver safe, healthy water worldwide

- Water-to-Go filters remove bacteria, viruses, waterborne disease, protozoa, heavy metals such as lead as well as harmful chemicals.
- Their filters remove Chlorine and Fluoride from tap water.
- The filter will eliminate harmful contaminants from the water but allow beneficial minerals such as sodium and magnesium to pass through leaving you with the healthiest water possible.
- Water-to-Go filters have been independently tested against internationally recognised standards by industry specialists including The London School of Hygiene & Tropical Medicine (UK), BCS Laboratories (USA), Bangalore Test House (India) and IMI (China).

Use Water-to-Go products and you'll be healthier, wealthier and helping to make the world a better place!

- Depending on filter size, each Water-to-Go filter is able to replace 260 or 400 single-use plastic water bottles!
- They ensure you have access to safe water anywhere in the world without ever having to buy environmentally damaging bottled water.
- Their water bottles deliver safe, clean drinking water at just 5p per litre.
- The filter membrane is biodegradable and the shrouds are recyclable.
- The water bottles are used and approved by everyone from backpackers to commuters, gym users to expecting mums. Perfect for everyday, outdoor and travel.

14. Private & Tailor-made Tours

While our group departures offer a fantastic way to explore with like-minded travellers, we understand that some guests prefer a more exclusive experience. Most of our group tours can be booked on a private basis, allowing you to enjoy the same expert-led routes with your own dedicated party. The primary advantage of choosing a private arrangement is the flexibility it provides; we can easily customise the itinerary to include your preferred style of accommodation or adjust the pace to suit your needs. Private tours can be run on the same start days as our group tours, or on other dates. However, some activities within our trips are restricted to particular days of the week - we will advise you on anything like this that we need to work around. Pricing will be based on the number of travellers in your party, and any customisations you may like to make.

For those seeking something truly unique, our specialist sales team is available to collaborate with you on a completely tailor-made tour, designed from the ground up to match your specific interests, accommodation level and requirements.

To request a quotation for a private or tailor-made tour, please [contact us](#).

15. Passports and Visas - Jordan

Passports should be valid for at least six months after your departure from the country. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

To promote tourism to the country, the Jordanian government has designed the **Jordan Pass**. This provides adults of most nationalities with a free single entry Jordan visa (for stays of 3 nights or more), a discounted package of entrance fees, and free digital brochures for the various sites in Jordan. Please check the Jordan Pass tour note for more information.

Please note that whilst the Jordan Pass is recommended for the vast majority of our Jordan Tours where entrance fees are not included, this is not recommended for our Petra & the Bedouin Trail tour as entrance fees to Petra and Wadi Rum are already included in the cost of this tour.

Double or multi entry visas for Jordan are no longer available and you will need to arrange two visas if you are doing a combination tour (eg. with Egypt and/or Israel) that visits Jordan more than once. Exceptions may occur if you are crossing to and from Israel via the King Hussein Bridge - please contact us for details.

If you wish to arrange your visa separately in advance, or if your stay will be shorter than four days/3 nights, then a visa fee of 40JD (approx. USD 57) will be due.

Families with children under 12 are recommended not to purchase the Jordan Pass for the children as entrance fees are not charged in Jordan for children under 12. Instead, the adults should purchase a Jordan Pass and we will arrange a free visa for the children which you will receive when we meet you on arrival into Amman airport.

Other nationalities may require a visa prior to arrival and to obtain this in advance, please contact your local Jordanian embassy or consulate or a visa agency for details. In addition, if you plan to enter Jordan via the southern Wadi Araba crossing (Eilat-Aqaba) or the Allenby Bridge/King Hussein border with Israel in the north, you will need to obtain your Jordan visa in advance as these are not available on arrival at the border.

16. Money - Jordan

The local currency in Jordan is the Jordanian Dinar (JD). You do not need to arrange to bring any Jordanian Dinar with you to Jordan as exchange facilities are available in the international airports and in most hotels, banks and bureau de changes in major towns. You should try to obtain and keep hold of small denomination notes or coins on you during the tour as these are useful for toilets, tips and small purchases. ATMs are readily available in major towns and many local shops will accept VISA/Mastercard or Amex, but may charge fees of up to 10% - check before you pay. Travellers cheques are not recommended as they can not be changed in many places now, and can incur high fees.

While in Jordan you will need sufficient funds to cover meals not included in the itinerary, drinks, snacks, souvenirs and personal expenses such as laundry. These should generally all be paid for in Jordanian Dinar, though tips for guides and drivers may be paid in hard currency (GBP, USD, EUR).

It is difficult to recommend a level of personal spending money which will suit everyone as this can differ greatly, but as a guideline, we would suggest allowing USD 15-25 per person per day as a minimum. Allow more if you plan on doing lots of shopping, or buying many alcoholic drinks.

17. Voltage

Sockets are two round pronged and 220 volts (Type C). Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already. If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.

18. Time

The time in Egypt, Jordan, Israel and Lebanon is GMT plus 2 hours and in UAE GMT plus 3 hours. Daylight saving adjustments have historically been applied in some years but not others. At present it appears that there will be no daylight saving changes in Egypt 2016 and beyond, though this may change at short notice (with a resulting impact on flight times and schedules). In Jordan and Israel, daylight saving of one hour is generally applied between the end of March and the end of October, making it GMT plus 3 hours. Exact dates vary from year to year and sometimes the changes may be scrapped altogether.

19. Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination. You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions.

In addition, additional courses or boosters normally recommended for the countries in this region are:

Egypt: Tetanus, Typhoid, Hepatitis A

Jordan: Tetanus, Hepatitis A

Israel: Hepatitis A, Poliomyelitis

Lebanon: Diphtheria, Hepatitis A

Malaria is not generally present unless it has been contracted abroad; you do not need to take malaria prophylactics.

More information is available here: [Egypt](#), [Jordan](#), [Israel](#), [Lebanon](#)

Note: We are aware of some places in Egypt using 'black henna' instead of pure brown henna. Black henna contains a chemical dye PPD (paraphenylenediamine) which can result in severe allergic reactions and resultant scarring. To be safe we recommend avoiding any henna tattoos while in Egypt unless you are certain they are using pure brown henna.
